

## Women of Thirties Most Beautiful, Say Critics

Full Bloom of Loveliness May Be Preserved Far Beyond Middle Life By Care of Health—Tanlac Has Helped Thousands Regain Lost Vitality.

Many famous men have said that no woman is really beautiful until after she is thirty. Her beauty has been flushed and refined by the fires of experience into a fulsomeness with which even the freshness of youth cannot compare.

But thirty is a dangerous and deceptive age. A woman may grow even more beautiful and attractive than ever, or may enter into a rapid decline that robs her of the glowing skin, the clear eyes, the charming smile and the graceful curving figure that are so essential to the comely and attractive.

Nature has provided the danger signals and they should be heeded with scrupulous care if one is to preserve in definitely the full bloom of loveliness.

### DANGER SIGNS

Digestive troubles are the chief danger and Tanlac, the celebrated system purifier and body builder, is chief remedy. If you feel tired out all the time, or your skin is sallow and your lips pale, if your cheeks are thin and colorless, and you suffer from headaches and backache, do not sleep well and wake up with a bad taste in your mouth; if you are nervous and out of sorts, have dizzy spells and black spots before your eyes; if you suffer from acid stomach, indigestion and are afraid to eat certain things, it is a sure sign that your digestive organs are not performing their full duty and the system is becoming clogged with impurities.

Tanlac was designed to overcome just such a condition and thousands of women throughout the United States and Canada have taken this wonderful medicine with such remarkable results that they have expressed gratitude in the public press.

Mrs. Robert O. Reynolds, 127 N. Denver street, Kansas City, Mo., says:

"For ten long years I suffered from a very bad form of rheumatism, stomach trouble and nervousness. Three bottles of Tanlac built me up twenty-five pounds and I haven't a trace of my old trouble left. I believe Tanlac will help anybody."

MRS. ROBERT O. REYNOLDS

Mrs. W. W. Benson, 3828 Warsaw St., Seattle, Wash., says: "Tanlac built me up fifteen pounds in weight, rid me of dyspepsia that had kept me miserable for years and brought the color of health back to my face. I feel splendid all the time and words cannot express my gratitude to this grand medicine."

### OTHERS TALK

Mrs. Gertrude Gardee, highly esteemed resident of Toledo, O., pays a remarkable tribute to Tanlac:

"To see me now no one would think I have been through all the suffering I have during the last twelve years. I was a mere shadow as the result of stomach trouble and rheumatism, but Tanlac built me up 24 pounds and made me as healthy and well as any one could wish to be. I look like a different person."

Mrs. Ida Hamburg, 316 S. Main St., Brattleboro, Vt., is still another well-known woman who has experienced wonderful benefits from the Master Medicine. She says:

"Before taking Tanlac I was in wretched health and weighed only 117 pounds. Now I weigh 144 pounds, my health is splendid and have never felt better. My friends all remark on how well I am looking."

Do not become old before your time. Restore and preserve the full bloom of beauty by building up your health, which is the only source of lasting attractiveness. Get a bottle of Tanlac to-day from any good druggist.

NOTE: You cannot hope to get the most satisfactory results from Tanlac without first establishing a free and regular movement of the bowels. Tanlac Vegetable Pills are absolutely free from calomel and are sold on a positive guarantee to give satisfaction. (adv)

### AMERICAN WOMEN ARE PRAISED BY ARTIST

American women are the most interesting and beautiful to a painter, said Lulo Blass, an eminent young Italian painter, who arrived at New York, on the Colombo from Naples. Signor Blass is one of the best known Italian portrait painters. He will do portraits of prominent American women in their homes.

### TWO GOOD WRITERS

The Louisville Courier-Journal and The Louisville Times are very fortunate in having on their staff such men as Vance B. Armentrout and Will S. Kaltenbacher, newspaper men of large experience, whose contributions on current events are one of the main features of the Sunday Courier-Journal.

Mr. Kaltenbacher has for many years been political writer for the Times, and lately has been contributing to the Courier-Journal a series of most interesting articles on events of the past in Kentucky and dealing with topics that are of intense interest to readers in all parts of the State. Mr. Armentrout is a writer of political articles, and his series devoted to Kentucky politics makes one of the most interesting and readable contributions in the newspaper work of to-day. Both have "style" of an inimitable kind and both have the faculty of knowing just what to write and how to put it in the right shape.

### DYE STOCKINGS OR SWEATER IN DIAMOND DYES

"Diamond Dyes" add years of wear to worn, faded skirts, waists, coats, stockings, sweaters, coverings, hangings, draperies, everything. Every package contains directions so simple any woman can put new, rich, fadeless colors into her worn garments or draperies even if she had never dyed before. Just buy Diamond Dyes—no other kind—then your material will come out right, because Diamond Dyes are guaranteed not to streak, spot, fade or run. Tell your druggist whether the material you wish to dye is wool or silk, or whether it is linen, cotton or mixed goods. (adv)

Where Struggles Naught Avail. A man was recently carried to a registry office to be married. Most bridegrooms, however, realize that it is best to go quietly—London Opinion.

Truth would be relished by many more persons if it could always be sugar-coated.

### TOBACCO GROWERS ASK NO FAVORS IN MATTERS OF TAXES

Discussing the question of the taxation of tobacco in the hands of the growers, which was presented to the State Tax Commission by Vice Presidents James N. Kehoe and Bush W. Allen, of the Burley Tobacco Growers' Co-operative Association, last week, Mr. Kehoe said the growers were not asking any favors or any special consideration but that they simply asked their constitutional right to exemption of farm products from taxation for a year after they are grown.

"We simply claim that, under the constitution, farm products are exempt from taxation for one year from the time they are grown," said Mr. Kehoe. "The purpose of the framers of the constitution in that exemption was to encourage agriculture, develop full agricultural production, and, consequently, reasonably low prices for food products."

"We learned at Frankfort that the farmers of Kentucky have been paying taxes on farm products assessed at \$36,000,000, when as a matter of law that property ought not to have been assessed at all. The amount we expect to save the farmers who are members of the Burley co-operative is a tremendous sum, hundreds of thousands of dollars in the long run, and our contention is that none of this tax should be paid by the growers."

"Our tobacco in the Burley district is not 'grown' in the meaning of the Constitution until about October 1, when it is cut. From that date until October 1, following, or rather September 30 following, it is exempt from taxation. If we have any of it still left on July 1, that portion of the crop will be subject to taxation."

"The 1922 crop, which was cut about October 1, similarly, will not be taxable until October 1, 1923, and will not be actually taxable then until the following July, as there is no taxation date, or date when property is listed for taxation until the following July, which would be applicable to that crop."

"It is extremely improbable that at any time we shall have tobacco on hand as late as July, from the previous year's crop, so that I am certain the tobacco growers' crops in our hands will not be subject to State, county and city taxation."

### CORROBORATION

Of Interest to Paris Readers.

For months Paris citizens have seen in these columns enthusiastic praise of Doan's Kidney Pills by Paris residents. Would these prominent people recommend a remedy that had not proven reliable. Would they confirm their statements after years had elapsed if personal experience had not shown the remedy to be worthy of endorsement? The following statement should carry conviction to the mind of every Paris reader.

Mrs. John Mastin, 1439 High street, Paris, says: "I have used Doan's Kidney Pills with good results. I had a dull aching across the small of my back and my kidneys acted irregularly. The use of Doan's Kidney Pills rid me of these complaints and I have faith enough in them that should I ever need a kidney remedy again I would certainly use Doan's Kidney Pills."

Mrs. Mastin gave the above statement November 9, 1916, and on November 13, 1920, she added: "I still have the same good opinion of Doan's Kidney Pills as when I endorsed them before. I use them occasionally when I require a kidney tonic and they never fail to do me good."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Mastin had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

### IMMENSE POWER PLANT FOR SOMERSET

A power plant which will furnish, when completed, electric current for a large surrounding area, is to be constructed on Pittman creek at Parker's Mill, four miles from Somerset. Representatives of Michigan capital have arrived to commence work on the plant. A large flour mill will be constructed near the power house, according to those promoting the enterprise. Total outlay will be approximately \$5,000,000, it is said.

### USERS OF ADDING MACHINES

For your convenience we are now carrying a stock of the best adding machine rolls and can supply you with one or a dozen at a time. This is a fine linen bond paper and absolutely lintless.

THE BOURBON NEWS.

### RECALLS LAFAYETTE'S VISIT TO KENTUCKY

Georges Clemenceau, the famous French War Premier and better known as the "Tiger of France," has come to America on a mission seeking to further cement the bonds of friendship between the two countries. In a way it recalls the visit of Gen. Marquis de Lafayette, of Revolutionary fame, who visited the United States in 1826 on a like mission.

If M. Clemenceau will include Kentucky in his itinerary he can be taken over the very ground traveled by his illustrious predecessor ninety-six years ago. General Lafayette was taken from Louisville to Frankfort by stagecoach. The distinguished French hero who came to the aid of the struggling American patriots was feted wherever he went. The beauty and chivalry of the State vied in paying homage to the distinguished guest of the nation and many of the Kentucky belles of that day never tired of relating to their granddaughters that they had danced with the gallant Lafayette.

No doubt an effort will be made to get "Tiger" Clemenceau to come to Kentucky and if he does he may be assured that Kentuckians will put the big pot in the little one in an effort to outdo the grand reception accorded his distinguished predecessor nearly a century ago.

### SHRINERS TO GATHER IN LOUISVILLE

Between 7,000 and 10,000 Shriners are expected to gather in Louisville Thanksgiving Day for the sacred festival of the Temple of Kosair, and in addition to the regular initiation ceremonies through which applicants for membership will pass a complete social program has been planned for the day by Louisville members of the clan.

Headquarters will be maintained at the Henry Watterson Hotel. A luncheon to the novices, a parade through the downtown section of the city, the Potentate's ball at night, and an Oriental dancing revue, presented by Miss Caroline Merkel, will feature the program.

Announcement has been made that all railroads operating lines into Louisville will probably grant special rates for the festival, and Joseph M. Emmart, Illustrious Potentate, is making an effort to have as many Shriners as possible present.

### POULTRY, BUTTER AND EGGS MARKETS

The butter market has shown a stronger tone during the week, bringing about an increase in country prices for butterfat. The Chicago market for standards was 32½ cents on August 1, and 45 cents on November 16, making nearly 40 per cent higher than on the earlier date.

The market rests on a solid foundation of broad demand from consuming trade, which has made these prices possible.

It is not expected that foreign butter will be much of a factor in influencing domestic prices, unless the market should work higher.

Quality of butter manufactured would be better if more care and attention were given to the handling and if there were more frequent deliveries of cream.

Fresh eggs are in light supply and prices are working higher for really fine stock. Storage eggs are selling at better prices, but stocks are larger than last year.

Poultry movement, due to better conditions for marketing, has increased, and prices are generally unchanged throughout the producing territory.

### KENTUCKY WITHOUT MEMORIAL

Washington county is the first to unveil a monument to its brave sons that fell in the World War and Louisville voters have authorized a \$750,000 bond issue for the construction of a public auditorium, but after four years the State has made no effort in the direction of a suitable memorial to Kentucky sons that made the supreme sacrifice overseas. The matter is expected to come before the next Legislature.

The Kentucky War Mothers' Association has for some time been engrossed with a memorial bridge of the classic design to span the Kentucky River at Frankfort. It is estimated that such a memorial will cost approximately half a million dollars and the War Mothers seem in no hurry to push the enterprise, but have said that they would be content to see the structure realized within ten years.

The conditions of the State finances has tended to defer action, but there is a growing sentiment that Kentucky should be willing to sacrifice for a suitable memorial to her heroic dead.

## Which Is Larger the Sun or a Cent

The sun is the largest but you can hold the cent so close to your eye that you'll lose sight of the sun. Don't let a cheap price or a big can baking powder make you lose sight of quality.

## CALUMET

The Economy BAKING POWDER

Is the quality leaven— for real economy in the kitchen, always use Calumet, one trial will convince you.

The sale of Calumet is over 150% greater than that of any other baking powder.
